## OUR INSPIRATION

"Take up one idea. Make that one idea your life; dream of it; think of it; live on that idea. Let the brain, the body, muscles, nerves, every part of your body be full of that idea, and just leave every other idea alone. This is the way to success, and this is the way great spiritual giants are produced."

- Swami Vivekananda.

## PRINCIPAL'S MESSAGE

Education is not a destination but a journey in itself that turns an entity into a human being which is the biggest need of the hour. The core purpose of education is to provide children with a learning environment which brings out the best in them. We believe that every child is endowed with a unique set of attributes and abilities, which needs to be nurtured so that they blossom. Therefore, every child deserves an education that fosters academic excellence and all-round development, and ensures their well-being. We are inspired by these tenets in everything that we do at Shri Hari Public School. We, at Shri Hari Public School, look at children as individuals and not as a class. We groom and nourish each child independently, for all required distinct attention. We build an atmosphere where each child explores multiple activities, and experiences challenges to find his/her own strengths. Life demands a healthy and intelligent mind, with a healthy body.

Our curriculum has been especially designed to make it inclusive; where physical, emotional and mental needs are equally significant. Unlike the traditional method of teaching, where the focus is on the trainer, our approach is learner-centric. We maintain a democratic and participative culture with mutual respect and appreciation for individual values. There is a constant endeavor at our end to keep ourselves at par with the ever changing environment. Various orientation workshops are held at regular intervals for teachers to absorb the vision, align with the values and take ownership for our mission and the curriculum. The school, next to the family, takes special responsibility in equipping children with the right attitude and skills that would help them become achievers. Modern infrastructure, continuous realignment of curriculum, Committed with pedagogy, our skilled teachers are the ingredients of Shri Hari Public School. As a concerned parent, your search for an effective collaborator to attend to your child's scholastic and versatile needs concludes at our knowledge temple.

- Mrs. Yogita Choudhary

## ABOUT US

**Shri Hari Public School** has been established in year 2000, with the single minded perseverance and motive of spreading education and making this world healthy and delightful. Situated in the heart of the city Sukhliya, Indore (M.P.), this makes it most ideal location for the optimal development of our learners. Our talented, diverse communities of students and teachers have enabled us to build a close-knit supportive team of enthusiastic learners of all ages. Ample scope for development of the students is ensured by the positive physical environment of the school. Lush-green lawns, spacious and well ventilated class-rooms facilitate both- the physical as well as the social environment of the school. Constant enhancement of teaching skills of the staff at SHPS guarantees that our teachers are competent to handle the different needs of learners. The number of students in a class, i.e. 30 in pre-primary and approximately 40 in higher classes, grants plenty of scope for individual attention to the students. Thus the teachers can nurture each student's emotional, behavioral and academic needs. With provision for Nursery and KG schooling, Shri Hari Public School offers the 10+2 years of schooling in affiliation with the Madhya Pradesh board of secondary education, which is the largest School Education Board in the State for primary, secondary and higher secondary education. Security Guards in the school premises and a fleet of buses for safe passage of each child to school and home ensures maximum safety of our students. Furthermore, our students without any discrimination are allowed equal access to the on campus facilities which are as follows:

Well-equipped Library

Sports Complex

Separate hall for Music, Dance and Art

Medical Facilities

Indoor and outdoor games facility

Audio Visual Room

Smart Classes etc.

State of the art Labs -Computer Lab, Chemistry Lab, Biology and Physics Lab

## Co-Curricular Activities

Shri Hari Public School today is no longer confined to class room instruction. We believe that school is much more than academic lessons and qualifications. Many of the most important lessons are those which students learn as part of team games, cross fertilizations of ideas, competitions and collaborative work. To pave the way for such non-cognitive learning we organize a variety of competitions and cultural events which also support formal learning. A sense of belonging and loyalty are promoted in the students. Inter class/house competitions such as debate, recitation, fancy dress, group song, folk dance, rangoli, art and craft etc. provide learning experiences which enrich the educational and social development of the students. Morning assemblies arranged class wise on rotational basis is a forum for the students to address a large audience and express themselves. Every student is encouraged to participate indiscriminately with the intention of nurturing and developing inner talents. Activity clubs allow the learners to pursue any interest of their choice. Hand in hand with class-room education, such events provide the students with an opportunity to be a part of a broad spectrum of activities which promote the development of a "Complete Being". Some of these activities are:

Dramatics literary Activities,

Quiz

Art /Craft

Music & Dance

Games and Sports

**Activities in Pre-Primary Section**

Motor Development (Coloring, Scribbling, Climbing stairs, Stringing beads, Clay-moulding etc.)

## Parent Student Teacher RELATIONSHIP

"Whose child is this?" I asked one day  
Seeing a little one out at play  
"Mine", said the parent with a tender smile  
"Mine to keep a little while  
To bathe his hands and comb his hair  
To tell him what he is to wear  
To prepare him that he may always be good  
And each day do the things he should"  
"Whose child is this?" I asked again  
As the door opened and someone came in  
"Mine", said the teacher with the same tender smile  
"Mine, to keep just for a little while  
To teach him how to be gentle and kind  
To train and direct his dear little mind  
To help him live by every rule  
And get the best he can from school"  
"Whose child is this?" I asked once more  
Just as the little one entered the door  
"Ours" said the parent and the teacher as they smiled  
And each took the hand of the little child  
"Ours to love and train together,  
Ours this blessed task forever.

"These profound words explain explicitly, the importance of both, teachers and parents in the life of a child. Together they lay the foundation stone of the child's future. The need to maintain a harmoniously delicate balance between home and school is therefore essential in making this foundation strong and secure. SHPS encourages a healthy communication between parents and teachers in the interest of the child. This is encouraged through meeting sessions between parents, teachers and the principal where they can express their understanding and intimate insights into the needs of the child. The SHPS family is open to sharing of concerns and grievances of parents- both for academic and non-academic enhancement. A non-intimidating and friendly relationship with the teachers places the child in a position to communicate with them and approach them with any issues.

## Balancing Sound Mind and Body

To keep the body in good health is a duty, for otherwise we shall not be able to trim the lamp of wisdom, and keep young minds strong and clear. Complementary to each other, these two aspects of development are a quintessential part and parcel of a healthy existence. At SHPS we consistently persevere to strike the chord that effectively balances the two. Various games in school ensure the existence of a healthy fitness in our students. A refreshed and active mind stimulates openness and alertness of the mind.

At SHPS, we hope to nourish our students for the challenges of the future simultaneously ensuring that their childhood is not swallowed up by the onslaught of the pressures of today's competitive world. In order to bring about a fuller development of the child's personality, considerable emphasis is laid on intra mural and extra- curricular activities which challenge not only the physical but also the mental capabilities of our learners. Through healthy minds which are motivated to, explore by undertaking meaningful field-trips and excursions, imagination and creativity is propelled and physical well being ensures agility and activeness of the learners.
